

# Texas Asphalt Pavement Association Scholarship Program

Dear Student,

The Texas Asphalt Pavement Association Scholarship Program is now accepting applications from Texas residents for the 2024-2025 academic year. An applicant meets the eligibility requirements if they are employed by a TXAPA member firm, are a dependent of a TXAPA member, have been nominated by a university, or recommended by a TxDOT representative. The TXAPA Scholarship Program awards scholarships in the amount of \$10,000 each distributed in \$5,000 increments for the fall and spring semesters. Selection criteria includes academic performance, financial need, and field of study with an emphasis on asphalt and construction-related degree programs.

The TXAPA Scholarship Program is most interested in students who have demonstrated an interest in the asphalt and construction industries through their choice of summer or part-time employment. To qualify for a TXAPA Scholarship, a student must attend an accredited college or university in the State of Texas, having attained a class standing of at least sophomore level, and pursuing a career in the asphalt and/or construction-related industries. Grade point average is not a significant factor provided the applicant is a solid and consistent student. Scholarships are awarded each semester for a maximum of three years. Recipients are responsible for submitting enrollment verification and GPA information each semester to remain eligible.

To apply, complete and return the attached application form in accordance with the time line posted on our website at [texasasphalt.org/scholarships](https://texasasphalt.org/scholarships). TXAPA members are encouraged to share the scholarship application with their employees. Employees and their dependents are eligible for consideration.
